QUARTERLY COMPLIANCE AND ENFORCEMENT SUMMARY

January 1, 2010 to March 31, 2010

The 1st Quarterly Compliance and Enforcement Summary for 2010 outlines 5 Orders, 59 Administrative Sanctions, 218 Tickets and 6 Court Convictions for a combined total of over $48,000 in fines.

Notable highlights this Quarter:

This is the first Quarterly Compliance and Enforcement Summary (QCES) to include the names of individuals issued tickets under Ministry of Environment legislation. The addition of this information has been made possible by legislative amendments enacted in the fall of 2009. Including the names of individuals allows the ministry to better achieve two of the primary purposes of the QCES, which are: (1) to provide greater transparency in the governance of British Columbia's environment; and (2) to provide an added measure of deterrence from breaking environmental laws. The QCES has always included the names of corporations issued orders, tickets, or convicted in court.

A Remediation Order was issued under the *Environmental Management Act* to **Seaspan International Ltd** and **Domtar Inc,** the current and former owners of an industrial property located on the north shore of Burrard Inlet. Historically, this high priority contaminated site was used as a wood treatment facility and it is presently being used for shipyard operations.

ISSUED TO	LOCATION	ACT	REG.	SECTION	DESCRIPTION
Domtar Inc. & Seaspan International Ltd.	Pemberton Avenue, North Vancouver	*Environmental Management Act*		48	A Remediation Order was issued to the current owner and a former owner of an industrial property located on the north shore of Burrard Inlet. The order requires the following: (1) amendment, finalization, and implementation of a remediation plan; (2) confirmation of remediation; (3) operation, maintenance, and performance verification of risk management works; (4) progress reporting; and (5) security and covenant.
Gracia Financial Corporation	River Road, Delta	*Environmental Management Act*		77	An Information Order was issued to the owners of a property where pollution was believed to be present. The owners were ordered to submit to the ministry a report describing the environmental conditions of the property, including: (1) a determination of the specific materials, quantity and mapped locations of waste; and (2) if leachate is found to be present, an estimate of the quantity and characteristics of the discharge and its path into the environment.
Pan-o-RAMIC Farms Ltd. & Rod Palfrey	Coldstream	*Environmental Management Act*		81(2)	A Pollution Prevention Order was issued after onsite inspections determined that measures must be taken to avoid contaminated runoff. The order requires the following: (1) take immediate remedial actions to prevent overflow from the runoff containment system; (2) retain a qualified professional (QP) to develop and guide the implementation of a surface drainage control plan to contain all manure-contaminated runoff and submit the plan to the ministry; and (3) stop applying any additional manure to the property until a nutrient management plan has been prepared by the QP and is approved by the ministry.
Brown, Mike (d.b.a.: Gopher Water Wells)	Williams Lake	*Water Act*		77(1); 77(7)	An Engineer's Order was issued to a well driller after it was found that sufficient steps had not been taken to stop or control the flow of water from an artesian well. The order requires that the well driller permanently close the well according to the standards set out in the Ground Water Protection Regulation.
Regional District of North Okanagan	Coldstream	*Water Act*		88(1)(a); 88(1)(d); 88(2)	To address a potential public safety concern caused by an abandoned flowing well, an Engineer's Order was issued to the property owner requiring the following: (1) retain a qualified professional (QP) to submit to the ministry a well closure plan; and (2) within three weeks of ministry approval of the plan, complete the work (under the supervision of the QP) and notify the ministry of all measures taken.
